COMMANDANT'S MESSAGE

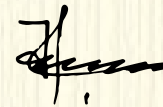

NDC is the premier national institution in Bangladesh, a centre of excellence conducting training, research and education on leadership, defence, security, strategy and development studies. With the passage of time this prestigious institution has been developed into a leading training institution for the selected senior military and civil services officers from home and abroad on national and international security related matters. NDC also conducts training for mid-ranking military officers of Bangladesh Armed Forces on war studies. NDC stands as successful institution over the years by enhancing knowledge, skill and networks related to multilateral security cooperation in Bangladesh among eminent law/policy makers, security practitioners, judges, executives, civil society representatives, media personalities, entrepreneurs and other distinguished personalities of the society through the Capstone Course conducted twice a year in NDC. I am glad that NDC has a large alumni base dispersed across the globe, and they all take pride of being NDC graduates.

It is my pleasure to see the 24th issue of the Pictorial Year Book of National Defence College 'BEACON 2022' which has eloquently depicted glimpses of course curricula and activities at the NDC and constituted windows to people who become eye witness to these activities of NDC family. I am confident that Course Members, faculty, staff, and alumni will enjoy scanning through this photo book to take a nostalgic and colourful trip down memory lane. This magazine will serve as a treasure trove of wonderful memories for everyone involved.

My heartiest congratulations to all the graduates of NDC 2022 and AFWC 2022 for successfully completing the courses as they are going to undertake diverse, challenging and decision making assignments of both national and military significance, in their respective place of works. As commandant, I feel proud to see our alumni shouldering high appointments at home and abroad.

I would like to thank the faculty members and college staffs for their tireless efforts in ensuring smooth running and successful completion of the courses. Finally, I appreciate the sincere efforts of the Research and Academic Wing and also acknowledge the solemn endeavour of the editorial board to bring out the current issue of 'BEACON'.
