COMMANDANT'S MESSAGE

I am delighted to introduce the 26th edition of the Pictorial Yearbook of the National Defence College (NDC BEACON 2024), which vividly captures the essence of the course curriculum and various activities at NDC. These glimpses provide valuable insights into the experiences of those involved in the NDC community. I believe that Course Members, faculty, staff and alumni will be excited in exploring this photo book while reminiscing about their time at the college. It is certain that this publication will become a cherished memoir for all associated with it.

NDC stands as the premier national institution, renowned for its excellence in providing training and conducting research beside offering education in leadership, defence, security, strategy, and development studies. Over the years, NDC has evolved into a leading training center for senior military and civil services officers, both nationally and internationally. Additionally, NDC provides training for mid-ranking military officers of the Bangladesh Armed Forces, particularly in war studies.

NDC has made remarkable strides in enhancing knowledge, skills, and networks related to multilateral security cooperation in Bangladesh. In this connection, the Capstone Course which is held biannually at NDC brings together prominent policymakers, security practitioners, judges, executives, civil society representatives, media personalities, entrepreneurs, and other distinguished individuals from society. I am pleased to note the extensive global alumni network of NDC, all of whom take immense pride in their NDC graduate status.

I as Commandant extend my warmest congratulations to all the graduates of the ND Course 2024 and AFWC 2024 for successfully completing their respective courses. As they prepare for diverse and challenging assignments of national and military significance, I have full confidence in their abilities to excel. My warm felicitations to the faculty members and college staff for their unwavering dedication and hard work, instrumental in ensuring the smooth operation and successful conclusion of the courses. Specially, I commend the diligent efforts of the Research and Academic Wing, as well as the editorial board, for their commitment in bringing forth the latest issue of 'BEACON'.
