## Commandant's Message

I am extremely delighted to see the 18<sup>th</sup> issue of Pictorial Yearbook of NDC “BEACON”, which has quite vividly portrayed the glimpses of courses curricula and activities conducted in the National Defence College (NDC). I am sanguine that the Course Members, the faculty, staff and the alumni alike would love to scan down this pictorial book to stroll through the nostalgic and colourful memory lane. All concerned will find this magazine as a treasure trove of happy memories.

NDC is the premier national institution in Bangladesh, a centre of excellence conducting training, research and education on defence, security, strategy and development studies. With the passage of time this prestigious institution has developed into an important training institution for the selected senior military and civil services officers from home and abroad on national and international security related matters as well as to impart training to mid-ranking military officers of Bangladesh Armed Forces on war studies. NDC also stands as successful institution over the years by enhancing knowledge, skill and networks related to multilateral security cooperation in Bangladesh among eminent law/policy makers, security practitioners, judges, executives, civil society representatives, media personalities, entrepreneurs and other distinguished personalities of the society. I am proud that NDC has huge alumni spread all over the globe and all of them hold high the pride of being alumnus of NDC.

My heartiest congratulation to all the graduates for successfully completing the courses. They are going to undertake diverse, challenging and decision making assignments of both national and military significance, in their respective place of works. As commandant, I feel proud, when I come to know that our alumni are shouldering very high appointments both at home and abroad.

I would like to thank the faculty members and college staffs for their tireless effort in ensuring smooth running and successful completion of the courses. Finally, I appreciate the sincere efforts of the Research and Academic Wing and acknowledge the solemn endeavour of the editorial board to bring out the current issue of ‘BEACON’.
